College will Reopen on MONDAY 13 JUNE 2022 For Academic Year 2022-23

Time-table

We prepare every year academic schedule or Time-table allotting class-wise, subject-wise, workloads of the Teachers. The college displays it at the beginning of the academic year for information of the stakeholders. It is responsibility of the Principal to supervise the Time-table and functioning of the teachers. If a teacher is on leave, alternate provision is made for work to be done for the students. Thus the Time-table is a weekly statement of workload to be done by the teachers for the student of the college.

Cells & Associations

The establishment of Cells and Associations is based on the basic concept of decentralisation and participative management. A number of cells and associations have been established in the College, for undertaking specific activities. Usually, the faculty member heads each cell or association. In addition to this, few other faculty members and student representatives are also included therein. These cells and associations hold periodical meetings to take stock of the activities done and to plan the activities to be undertaken in future.
