

## 2.3.2

### ICT Uses by Teachers & Students

The use of ICT enabled tools for effective teaching-learning in the College has got momentum now-a-days. Common ICT enabled tools and methods being used in the College for effective teaching-learning process are- YouTube, Google Classrooms, WhatsApp, telephonic/mobile conversation etc. The inbuilt conveniences have made these teaching methods very popular not only for teachers but also among the students.

### **‘Social Media a means of Teaching & Learning ’**

All the teachers are preparing You Tubes, E-material for reading to the students, engaging Google classes. In the college library there is repository form where students can college study materials. Following are the some You Tubes links available for the students on Social Media prepared by Dr. S.S. Khot for TYBCom class in Commerce subject.

Under the above teaching methods, lectures are prepared by the different teachers of the College relating their subjects. The video links of such prerecorded lectures are uploaded on the WhatsApp Groups and also links are sent on the Google classrooms created separately for different subjects. Students download these videos of the lectures and use for the study purposes and watch them as many times as they need.

## **Google Classrooms Links**

In addition to this, teachers also post notes of their subjects and post them on WhatsApp groups and also to Google classrooms. Students download these notes and get them printed/ photocopied according to their convenience.
