### Priority and Thrust to Women's Education

Table 1: Table showing % of Girls to Total Students during the last Ten Years

| Year    | Total Number of Students | Girls of Boys Enrolled | % of Girls to Total Students |
|---------|--------------------------|------------------------|------------------------------|
| 2010-11 | 451                      | 202                    | 44.78                        |
| 2011-12 | 428                      | 175                    | 40.89                        |
| 2012-13 | 423                      | 188                    | 44.44                        |
| 2013-14 | 419                      | 207                    | 49.40                        |
| 2014-15 | 434                      | 216                    | 49.77                        |
| 2015-16 | 464                      | 234                    | 53.91                        |
| 2016-17 | 570                      | 257                    | 45.09                        |
| 2017-18 | 579                      | 276                    | 47.67                        |
| 2018-19 | 519                      | 265                    | 51.06                        |
| 2019-20 | 543                      | 299                    | 55.06                        |

From the above table it is very clear that, the girl students in the College have shown an increasing trend and for some years, the girls outnumbered the boys.
